

TENTH INTERNATIONAL WORKSHOP ON COMPUTATIONAL
CONDENSED MATTER PHYSICS: TOTAL ENERGY AND FORCE
METHODS | (smr 1300)

Contribution ID : 10

Type : **not specified**

An efficient internal coordinate method for optimization of periodic structures

Thursday, 11 January 2001 17:00 (0:40)

Content

Summary

Primary author(s) : D. KING-SMITH

Presenter(s) : D. KING-SMITH

Session Classification : An efficient internal coordinate method for optimization of periodic structures
