

TENTH INTERNATIONAL WORKSHOP ON COMPUTATIONAL
CONDENSED MATTER PHYSICS: TOTAL ENERGY AND FORCE
METHODS | (smr 1300)

Contribution ID : **25**

Type : **not specified**

Green's function approach for calculating total energies in molecules and solids

Saturday, 13 January 2001 10:00 (0:30)

Content

Summary

Primary author(s) : F. ARYASETIAWAN

Presenter(s) : F. ARYASETIAWAN

Session Classification : Green's function approach for calculating total energies in molecules and solids
