

TENTH INTERNATIONAL WORKSHOP ON COMPUTATIONAL
CONDENSED MATTER PHYSICS: TOTAL ENERGY AND FORCE
METHODS | (smr 1300)

Contribution ID : 29

Type : not specified

First-principle molecular-dynamics simulation of minerals at deep Earth's temperatures and pressures

Saturday, 13 January 2001 15:00 (0:30)

Content

Summary

Primary author(s) : S. SCANDOLO

Presenter(s) : S. SCANDOLO

Session Classification : First-principle molecular-dynamics simulation of minerals at deep Earth's temperatures and pressures
