

## **A modeling study of the climatic importance of vegetation in the tropics: Sensitivity to the specification of soil characteristics**

*Wednesday, 26 March 2003 10:15 (0:15)*

### **Content**

### **Summary**

**Primary author(s) :** T.M. OSBORNE (University of Reading, Dept. of Meteorology, U.K.)

**Presenter(s) :** T.M. OSBORNE (University of Reading, Dept. of Meteorology, U.K.)

**Session Classification :** A modeling study of the climatic importance of vegetation in the tropics:  
Sensitivity to the specification of soil characteristics
