

ICTP-INFM Conference on "New Frontiers in Nano-Biotechnology:
Monitoring Protein Function with Single-Protein Resolution" | (smr 1509)

Contribution ID : 13

Type : **not specified**

Single molecule detection on cell membranes using ultra-high resolution optical microscopy

Tuesday, 15 July 2003 16:30 (0:30)

Content

Summary

Primary author(s) : MARJOLEIN KOOPMAN

Presenter(s) : MARJOLEIN KOOPMAN

Session Classification : Single molecule detection on cell membranes using ultra-high resolution optical microscopy
