

Characterization of the Dizinc Analogue of the Synthetic Diiron Protein DF1 via *ab initio* and Hybrid Quantum/Classical Molecular Dynamics Simulations

Thursday, 17 July 2003 11:45 (0:30)

Content

Summary

Primary author(s) : ALESSANDRA MAGISTRATO

Presenter(s) : ALESSANDRA MAGISTRATO

Session Classification : Characterization of the Dizinc Analogue of the Synthetic Diiron Protein DF1 via *ab initio* and Hybrid Quantum/Classical Molecular Dynamics Simulations
