

Seventh Trieste Conference on Chemical Evolution and the Origin of Life:
Life in the Universe: From the Miller Experiment to the Search for Life on
other Worlds | (smr 1516)

Contribution ID : 14

Type : not specified

The importance of biased synthesis in chemical evolution studies

Monday, 15 September 2003 18:15 (0:15)

Content

Summary

Primary author(s) : A. NEGRON-MENDOZA AND S. RAMOS-BERNAL (UNAM, Mexico)

Presenter(s) : A. NEGRON-MENDOZA AND S. RAMOS-BERNAL (UNAM, Mexico)

Session Classification : The importance of biased synthesis in chemical evolution studies
