

Seventh Trieste Conference on Chemical Evolution and the Origin of Life:  
Life in the Universe: From the Miller Experiment to the Search for Life on  
other Worlds | (smr 1516)

Contribution ID : 16

Type : not specified

## Prebiotic organic synthesis and the emergence of life: from the Miller experiment to the start of biological evolution

*Tuesday, 16 September 2003 08:30 (0:30)*

### Content

### Summary

**Primary author(s) :** ANTONIO LAZCANO (UNAM, Mexico)

**Presenter(s) :** ANTONIO LAZCANO (UNAM, Mexico)

**Session Classification :** Prebiotic organic synthesis and the emergence of life: from the Miller experiment to the start of biological evolution
