

Seventh Trieste Conference on Chemical Evolution and the Origin of Life:
Life in the Universe: From the Miller Experiment to the Search for Life on
other Worlds | (smr 1516)

Contribution ID : 34

Type : not specified

**Isotopic evidence for microbial sulfate reduction and
methanotrophy during the late Archean,
Witwatersrand basin, South Africa**

Wednesday, 17 September 2003 11:15 (0:15)

Content

Summary

Primary author(s) : ERIK BOICE (Indiana University, USA)

Presenter(s) : ERIK BOICE (Indiana University, USA)

Session Classification : Isotopic evidence for microbial sulfate reduction and methanotrophy during the late Archean, Witwatersrand basin, South Africa
