

# Quasi-Steady Fluid and Plasma States from Selective Decays: Coherent Structures the Easy Way

*Tuesday, 28 October 2003 10:45 (1:15)*

## Content

## Summary

**Primary author(s)** : D.C. MONTGOMERY (Dartmouth College, Dept. of Physics and Astronomy, Hanover, USA)

**Presenter(s)** : D.C. MONTGOMERY (Dartmouth College, Dept. of Physics and Astronomy, Hanover, USA)

**Session Classification** : Quasi-Steady Fluid and Plasma States from Selective Decays: Coherent Structures the Easy Way
