

## **C and N Isotopic variability in Antarctic sediment cores: a measure of Southern Ocean climate variability over the past 12 000 years**

*Thursday, 29 April 2004 09:50 (0:50)*

### **Content**

### **Summary**

**Primary author(s) :** PROF. ROBERT DUNBAR (Geological and Environ. Sciences, Stanford University, USA)

**Presenter(s) :** PROF. ROBERT DUNBAR (Geological and Environ. Sciences, Stanford University, USA)

**Session Classification :** C and N Isotopic variability in Antarctic sediment cores: a measure of Southern Ocean climate variability over the past 12 000 years
