

# **Anomalies in transport properties of disordered quantum wires: the role of the classical trajectories**

*Friday, 18 June 2004 11:00 (1:00)*

## **Content**

## **Summary**

**Primary author(s) :** SANCHEZ, M.J. (Centro Atómico Bariloche - CNEA, Argentina)

**Presenter(s) :** SANCHEZ, M.J. (Centro Atómico Bariloche - CNEA, Argentina)

**Session Classification :** Anomalies in transport properties of disordered quantum wires: the role of the classical trajectories
