

Surface acoustic wave induced magneto-resistance and drag current in a 2D electrons gas

Thursday, 24 June 2004 11:00 (0:45)

Content

Summary

Primary author(s) : FALKO, V. (University of Lancaster)

Presenter(s) : FALKO, V. (University of Lancaster)

Session Classification : Surface acoustic wave induced magneto-resistance and drag current in a 2D electrons gas
