

Universal dynamics of spontaneous Lorentz violation and a new spin-dependent inverse-square law force

Friday, 17 September 2004 10:20 (0:35)

Content

Summary

Primary author(s) : J. THALER (Harvard U., USA)

Presenter(s) : J. THALER (Harvard U., USA)

Session Classification : Universal dynamics of spontaneous Lorentz violation and a new spin-dependent inverse-square law force
