

# **Spatial scaling relationship in ecology: species-abundance, species-area and beta-diversity from a simple model**

*Tuesday, 10 May 2005 14:30 (0:45)*

## **Content**

## **Summary**

**Primary author(s) :** T. ZILLIO (SISSA, Trieste, Italy)

**Presenter(s) :** T. ZILLIO (SISSA, Trieste, Italy)

**Session Classification :** Spatial scaling relationship in ecology: species-abundance, species-area and beta-diversity from a simple model
