

Table of contents

Tuesday 07 June 2005	1
----------------------------	---

Conference on Vortex Rings and Filaments in Classical and Quantum Systems (6-8 June), followed by: Workshop on New Experimental Techniques for the Study of Quantum Turbulence (9-10 June) | (smr 1661)

Tuesday 07 June 2005

Topological defects and vortex rings in trapped non-rotating Bose-Einstein condensates -
Main Building Lecture Room C (14:35-15:10)

time	title	presenter
14:35	Topological defects and vortex rings in trapped non-rotating Bose-Einstein condensates	V.M. PEREZ-GARCIA
