

# Table of contents

Wednesday 08 June 2005 .....	1
------------------------------	---

# **Conference on Vortex Rings and Filaments in Classical and Quantum Systems (6-8 June), followed by: Workshop on New Experimental Techniques for the Study of Quantum Turbulence (9-10 June) | (smr 1661)**

## **Wednesday 08 June 2005**

**Stochastic modeling of vortex tube folding and turbulent vorticity fluctuations - Main Building Lecture Room C (11:05-11:40)**

time	title	presenter
11:05	Stochastic modeling of vortex tube folding and turbulent vorticity fluctuations	L. MORICONI
