Conference on Vortex Rings and Filaments in Classical and Quantum Systems (6-8 June), followed by: Workshop on New Experimental Techniques for the Study of Quantum Turbulence (9-10 June) | (smr 1661)

Contribution ID: 26 Type: not specified

## Higher-order asymptotic formula for velocity of a viscous vortex ring

Wednesday, 8 June 2005 14:35 (0:35)

Content

Summary

Primary author(s): Y. FUKUMOTO ((Kyushu University, Japan))

Presenter(s): Y. FUKUMOTO ((Kyushu University, Japan))

Session Classification: Higher-order asymptotic formula for velocity of a viscous vortex ring
