

Conference on Vortex Rings and Filaments in Classical and Quantum Systems (6-8 June), followed by: Workshop on New Experimental Techniques for the Study of Quantum Turbulence (9-10 June) | (smr 1661)

Contribution ID : 35

Type : not specified

A new local measurement in superfluid turbulence

Thursday, 9 June 2005 16:35 (0:45)

Content

Summary

Primary author(s) : P. ROCHE ((CNRS, Grenoble, France))

Presenter(s) : P. ROCHE ((CNRS, Grenoble, France))

Session Classification : A new local measurement in superfluid turbulence
