Nuclear Power Plant Simulators for Education | (smr 1680)

Tuesday 08 November 2005

**Exploring the Benefits of Classroom Simulator for Education. - Adriatico Guest House
Giambiagi Lecture Hall (13:15-15:15)**

Having experienced with the CANDU, PWR and ABWR Simulator in the previous workshop sessions, the participants will have the opportunity in this session to explore the Benefits of Classroom Simulator for education, and to discuss how they may use the simulator for educational training in their home countries. As well, participants will be exposed to the simulation technology for the development of this type of simulator, using Modular Modeling Methodology. In this context, CASSIM™ Software package will be introduced, along with Dynamic Simulation Fundamentals and the Overview of CASSIM™ Simulation Model Building Process.
