

Microfluidic-evaporators for dynamically controlled concentration and induction of dense phases

Wednesday, 26 April 2006 14:00 (0:45)

Content

Summary

Primary author(s) : A. AJDARI (ESPCI, Lab. Physico-Chimie Theorique, Paris, France)

Presenter(s) : A. AJDARI (ESPCI, Lab. Physico-Chimie Theorique, Paris, France)

Session Classification : Microfluidic-evaporators for dynamically controlled concentration and induction of dense phases
