# **Workshop on Ion Beam Studies of Nanomaterials: Synthesis, Modification and Characterization | (smr 1758)**

## **Tuesday 27 June 2006**

**Synthesis and growth mechanisms of metal and metal alloy nanoparticles produced by ion implantation in glasses - Adriatico Guest House Giambiagi Lecture Hall (10:30-11:30)**

time	title	presenter
10:30	Synthesis and growth mechanisms of metal and metal alloy nanoparticles produced by ion implantation in glasses	P. MAZZOLDI (UNIV. PADOVA, ITALY)
