

Possible FFLO state and quantum critical behavior in the magnetic field phase diagram of CeCoIn₅

Thursday, 17 August 2006 10:00 (1:00)

Content

Summary

Primary author(s) : C. CAPAN (Louisiana State University, Baton Rouge, U.S.A.)

Presenter(s) : C. CAPAN (Louisiana State University, Baton Rouge, U.S.A.)

Session Classification : Possible FFLO state and quantum critical behavior in the magnetic field phase diagram of CeCoIn₅
