## From single to bi-polarons with Jahn-Teller character and metallic cluster-stripes in hole doped cuprates

*Monday, 28 August 2006 10:00 (0:40)*

### Content

### Summary

**Primary author(s) :** K. A. MÜLLER (Univ. of Zurich, Switzerland)

**Presenter(s) :** K. A. MÜLLER (Univ. of Zurich, Switzerland)

**Session Classification :** From single to bi-polarons with Jahn-Teller character and metallic cluster-stripes in hole doped cuprates
