

International Symposium on the Jahn-Teller Effects: Novel Aspects in
Orbital Physics and Vibronic Dynamics of Molecules and Crystals | (smr
1768)

Contribution ID : 17

Type : **not specified**

Decisive role of orbital fluctuations for two cooperative Jahn-Teller orderings

Tuesday, 29 August 2006 15:00 (0:30)

Content

Summary

Primary author(s) : J. VAN DEN BRINK (Inst. Lorentz, Univ. Leiden, The Netherlands)

Presenter(s) : J. VAN DEN BRINK (Inst. Lorentz, Univ. Leiden, The Netherlands)

Session Classification : Decisive role of orbital fluctuations for two cooperative Jahn-Teller orderings
