

International Symposium on the Jahn-Teller Effects: Novel Aspects in
Orbital Physics and Vibronic Dynamics of Molecules and Crystals | (smr
1768)

Contribution ID : 22

Type : **not specified**

Multistate and multimode Jahn-Teller and pseudo-Jahn-Teller interactions in molecular systems

Wednesday, 30 August 2006 09:30 (0:40)

Content

Summary

Primary author(s) : S. MAHAPATRA (School of Chemistry, Univ. of Hyderabad, India)

Presenter(s) : S. MAHAPATRA (School of Chemistry, Univ. of Hyderabad, India)

Session Classification : Multistate and multimode Jahn-Teller and pseudo-Jahn-Teller interactions in molecular systems
