

International Symposium on the Jahn-Teller Effects: Novel Aspects in
Orbital Physics and Vibronic Dynamics of Molecules and Crystals | (smr
1768)

Contribution ID : 3

Type : **not specified**

The E_g and T_{2g} Jahn-Teller Polarons

Monday, 28 August 2006 11:30 (0:30)

Content

Summary

Primary author(s) : Y. TAKADA (Inst. for Solid State Physics, Univ. of Tokyo, Japan)

Presenter(s) : Y. TAKADA (Inst. for Solid State Physics, Univ. of Tokyo, Japan)

Session Classification : The E_g and T_{2g} Jahn-Teller Polarons
