

International Symposium on the Jahn-Teller Effects: Novel Aspects in
Orbital Physics and Vibronic Dynamics of Molecules and Crystals | (smr
1768)

Contribution ID : 38

Type : **not specified**

Pseudorotation in fullerene anions

Thursday, 31 August 2006 14:20 (0:40)

Content

Summary

Primary author(s) : J. L. DUNN (School of Physics & Astronomy, Univ. of Nottingham, UK)

Presenter(s) : J. L. DUNN (School of Physics & Astronomy, Univ. of Nottingham, UK)

Session Classification : Pseudorotation in fullerene anions
