

International Symposium on the Jahn-Teller Effects: Novel Aspects in  
Orbital Physics and Vibronic Dynamics of Molecules and Crystals | (smr  
1768)

Contribution ID : 4

Type : **not specified**

## Magnetoelectric properties of Jahn-Teller crystals

*Monday, 28 August 2006 12:00 (0:40)*

### Content

### Summary

**Primary author(s) :** M. KAPLAN (Dept. of Chemistry & Dept of Physics, Simmons College, Boston, USA)

**Presenter(s) :** M. KAPLAN (Dept. of Chemistry & Dept of Physics, Simmons College, Boston, USA)

**Session Classification :** Magnetoelectric properties of Jahn-Teller crystals
