

Highly anharmonic vibrational spectroscopy of water - containing systems, interpreted by on the fly dynamics

Tuesday, 17 April 2007 09:00 (1:00)

Content

Summary

Primary author(s) : V. BUCH (The Hebrew Univ. of Jerusalem, Physical Chemistry, Jerusalem, Israel)

Presenter(s) : V. BUCH (The Hebrew Univ. of Jerusalem, Physical Chemistry, Jerusalem, Israel)

Session Classification : Highly anharmonic vibrational spectroscopy of water - containing systems, interpreted by on the fly dynamics
