

Summer School on Novel Quantum Phases and Non-equilibrium
Phenomena in Cold Atomic Gases | (smr 1859)

Contribution ID : 7

Type : **not specified**

Laser speckle: a wonderful tool for quantum gases in disordered potential (I)

Tuesday, 28 August 2007 11:30 (1:00)

Content

Summary

Primary author(s) : A. ASPECT (University of Paris XI - Sud)

Presenter(s) : A. ASPECT (University of Paris XI - Sud)

Session Classification : Laser speckle: a wonderful tool for quantum gases in disordered potential (I)
