

Summer School on Novel Quantum Phases and Non-equilibrium
Phenomena in Cold Atomic Gases | (smr 1859)

Contribution ID : 21

Type : **not specified**

Anaytical models of out of equilibrium phenomena in ultracold atoms

Thursday, 30 August 2007 15:30 (0:45)

Content

Summary

Primary author(s) : A. IUCCI (University of Geneva)

Presenter(s) : A. IUCCI (University of Geneva)

Session Classification : Anaytical models of out of equilibrium phenomena in ultracold atoms
