

Summer School on Novel Quantum Phases and Non-equilibrium
Phenomena in Cold Atomic Gases | (smr 1859)

Contribution ID : 47

Type : **not specified**

Theory of BEC/BCS crossover with p-wave Feshbach resonances

Thursday, 6 September 2007 15:30 (1:00)

Content

Summary

Primary author(s) : V. GURARIE (University of Colorado at Boulder)

Presenter(s) : V. GURARIE (University of Colorado at Boulder)

Session Classification : Theory of BEC/BCS crossover with p-wave Feshbach resonances
