

# Block Structure Modeling of Seismicity and Geodynamics in Italian Seismoactive Region: Application in Different Space Scale

*Monday, 8 October 2007 14:25 (0:45)*

## Content

## Summary

**Primary author(s) :** DR. I. VOROBIEVA (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

**Presenter(s) :** DR. I. VOROBIEVA (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

**Session Classification :** Block Structure Modeling of Seismicity and Geodynamics in Italian Seismoactive Region: Application in Different Space Scale
