

Block Structure Modeling of Seismicity and Geodynamics in Italian Seismoactive Region: Application in Different Space Scale

Monday, 8 October 2007 14:25 (0:45)

Content

Summary

Primary author(s) : DR. I. VOROBIEVA (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

Presenter(s) : DR. I. VOROBIEVA (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

Session Classification : Block Structure Modeling of Seismicity and Geodynamics in Italian Seismoactive Region: Application in Different Space Scale
