Fourth ICTP Workshop on the Theory and Use of Regional Climate Models:

Applying RCMs to Developing Nations in Support of Climate Change

Assessment and Extended-Range Prediction | (smr 1934)

Contribution ID: 13 Type: not specified

## Analysis of biases in tropical channel simulations based on the Weather Research and Forecasting (WRF) Model

Wednesday, 5 March 2008 09:45 (0:45)

Content

Summary

Primary author(s): RUBY LEUNG (Pacific Northwest National Laboratory, Richland (WA))

Presenter(s): RUBY LEUNG (Pacific Northwest National Laboratory, Richland (WA))

Session Classification : Analysis of biases in tropical channel simulations based on the Weather

Research and Forecasting (WRF) Model
