

# Experimental Verification of the Stationary Inertial Alfven Wave and its Relevance to Auroral Plasma Physics

*Thursday, 24 July 2008 11:00 (0:30)*

## Content

## Summary

**Primary author(s) :** M.E. KOEPKE (West Virginia University, Department of Physics, Morgantown, USA)

**Presenter(s) :** M.E. KOEPKE (West Virginia University, Department of Physics, Morgantown, USA)

**Session Classification :** Experimental Verification of the Stationary Inertial Alfven Wave and its Relevance to Auroral Plasma Physics
