

# Electronic Origin of the inhomogeneous Pairing interaction in High Tc Superconductors: Clues from the Abnormal-Normal State

*Thursday, 14 August 2008 10:30 (1:00)*

## Content

## Summary

**Primary author(s)** : ALI YAZDANI (Princeton University)

**Presenter(s)** : ALI YAZDANI (Princeton University)

**Session Classification** : Electronic Origin of the inhomogeneous Pairing interaction in High Tc Superconductors: Clues from the Abnormal-Normal State
