

# Monte Carlo simulation on the conformational statistics of worm-like DNA chains: effect of DNA juxtaposition and topoisomerase action

*Wednesday, 17 September 2008 09:00 (0:45)*

## Content

## Summary

**Primary author(s) :** ZHIRONG LIU (Peking University)

**Presenter(s) :** ZHIRONG LIU (Peking University)

**Session Classification :** Monte Carlo simulation on the conformational statistics of worm-like DNA chains: effect of DNA juxtaposition and topoisomerase action
