

# Generation of a synthetic vector potential in ultracold neutral Rubidium

*Tuesday, 5 May 2009 14:30 (0:45)*

## Content

## Summary

**Primary author(s)** : I. SPIELMAN (NIST, Laser Cooling & Trapping Group, Gaithersburg, USA)

**Presenter(s)** : I. SPIELMAN (NIST, Laser Cooling & Trapping Group, Gaithersburg, USA)

**Session Classification** : Generation of a synthetic vector potential in ultracold neutral Rubidium
