Gamma-ray astronomy at ultra-high energies: GRBs and implications for UHECR

Monday, 25 May 2009 09:00 (1:00)

Content

Summary

Primary author(s) : PETER MESZAROS (Pennsylvania State University, USA)

Presenter(s) : PETER MESZAROS (Pennsylvania State University, USA)

Session Classification : Gamma-ray astronomy at ultra-high energies: GRBs and implications for UHECR
