

International Workshop: Quantum Chromodynamics from Colliders to  
Super-High Energy Cosmic Rays | (smr 2036)

Contribution ID : 20

Type : **not specified**

## Multiple scattering and collective effects in pp scattering at the LHC

*Thursday, 28 May 2009 10:00 (1:00)*

### Content

### Summary

**Primary author(s)** : KLAUS WERNER (Laboratoire de Physique Subatomique et des Technologies Associees, France)

**Presenter(s)** : KLAUS WERNER (Laboratoire de Physique Subatomique et des Technologies Associees, France)

**Session Classification** : Multiple scattering and collective effects in pp scattering at the LHC
