

# Some optimization approaches for robust and minimization norm partial quadratic eigenvalue assignment in vibrating systems

*Thursday, 9 July 2009 11:30 (1:00)*

## Content

## Summary

**Primary author(s)** : Z.-J. BAI (Xiamen University, Xiamen, China)

**Presenter(s)** : Z.-J. BAI (Xiamen University, Xiamen, China)

**Session Classification** : Some optimization approaches for robust and minimization norm partial quadratic eigenvalue assignment in vibrating systems
