Nonlinear gyrokinetics: A powerful tool for the description of microturbulence in magnetized plasmas

Wednesday, 29 July 2009 09:15 (0:50)

Content

Summary

Primary author(s): JOHN KROMMES (Princeton University, USA)

Presenter(s): JOHN KROMMES (Princeton University, USA)

Session Classification: Nonlinear gyrokinetics: A powerful tool for the description of microturbulence

in magnetized plasmas
