

Relativistic multiphoton dynamics in super-strong laser fields: from ionization and high-order harmonic generation to pair production and vacuum polarization effects

Wednesday, 19 August 2009 09:00 (1:00)

Content

Summary

Primary author(s) : KAREN Z. HATSAGORTSYAN (Max-Planck-Institut für Kernphysik (Germany))

Presenter(s) : KAREN Z. HATSAGORTSYAN (Max-Planck-Institut für Kernphysik (Germany))

Session Classification : Relativistic multiphoton dynamics in super-strong laser fields: from ionization and high-order harmonic generation to pair production and vacuum polarization effects
