

Inverse Retrospective Problems of Thermal Evolution of the Earth Interior: Numerical Techniques. Part II

Wednesday, 30 September 2009 11:10 (0:50)

Content

Summary

Primary author(s) : PROF. A. ISMAIL-ZADEH (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

Presenter(s) : PROF. A. ISMAIL-ZADEH (International Institute of Earthquake Prediction Theory and Mathematical Geophysics, Russian Academy)

Session Classification : Inverse Retrospective Problems of Thermal Evolution of the Earth Interior: Numerical Techniques. Part II
