

Joint ICTP-IAEA Advanced Workshop on Multi-Scale Modelling for
Characterization and Basic Understanding of Radiation Damage
Mechanisms in Materials | (smr 2137)

Contribution ID : 33

Type : **not specified**

Radiation growth of amorphous alloys under heavy ion irradiation

Monday, 19 April 2010 11:30 (1:00)

Content

Summary

Primary author(s) : A. RYAZANOV (Russian Research Centre “Kurchatov Institute”, Moscow, Russian Federation)

Presenter(s) : A. RYAZANOV (Russian Research Centre “Kurchatov Institute”, Moscow, Russian Federation)

Session Classification : Radiation growth of amorphous alloys under heavy ion irradiation
