

Joint ICTP-IAEA Advanced Workshop on Multi-Scale Modelling for
Characterization and Basic Understanding of Radiation Damage
Mechanisms in Materials | (smr 2137)

Contribution ID : 35

Type : not specified

Radiation damage of biomolecular systems: a first-principles molecular dynamics approach

Monday, 19 April 2010 15:00 (1:00)

Content

Summary

Primary author(s) : J.J. KOHANOFF (The Queen's University of Belfast, United Kingdom)

Presenter(s) : J.J. KOHANOFF (The Queen's University of Belfast, United Kingdom)

Session Classification : Radiation damage of biomolecular systems: a first-principles molecular dynamics approach
