

Joint ICTP-IAEA Advanced Workshop on Multi-Scale Modelling for  
Characterization and Basic Understanding of Radiation Damage  
Mechanisms in Materials | (smr 2137)

Contribution ID : 43

Type : not specified

**SANS studies of microstructural radiation damage  
evolution in model alloys and technical steels for  
nuclear applications/part 1**

*Wednesday, 21 April 2010 10:00 (1:00)*

**Content**

**Summary**

**Primary author(s) :** R. COPPOLA (ENEA-Casaccia, Rome, Italy)

**Presenter(s) :** R. COPPOLA (ENEA-Casaccia, Rome, Italy)

**Session Classification :** SANS studies of microstructural radiation damage evolution in model alloys and technical steels for nuclear applications/part 1
