

Joint ICTP-IAEA Advanced Workshop on Multi-Scale Modelling for  
Characterization and Basic Understanding of Radiation Damage  
Mechanisms in Materials | (smr 2137)

Contribution ID : 49

Type : not specified

**Introduction to fuel behaviour modeling: purpose  
and application of fuel modeling codes, main  
components and code structure, basic measurements  
for in-core experiments**

*Thursday, 22 April 2010 09:00 (1:00)*

**Content**

**Summary**

**Primary author(s) :** W. WIESENACK (OECD Halden Reactor Project, Halden, Norway)

**Presenter(s) :** W. WIESENACK (OECD Halden Reactor Project, Halden, Norway)

**Session Classification :** Introduction to fuel behaviour modeling: purpose and application of fuel modeling codes, main components and code structure, basic measurements for in-core experiments
